

Razor Premium 2T

PRODUCT DATA SHEET

Tx Razor Premium 2T is a low smoke, synthetic lubricant for very high-powered two-stroke land based engines. It is formulated with the best synthetic basestocks and a specific additive package to impart exceptional service performance.

The product is suitable for both premix and injection use and offers top performances in heavy duty applications

Tx Razor Premium 2T is dyed blue for ease of identification.

CHARACTERISTICS (TYPICAL FIGURES)

Viscosity at 100 °C	mm ² /s	9.7
Viscosity at 40 °C	mm ² /s	55
Viscosity Index		162
Flash Point COC	°C	82
Mass Density at 15°C	kg/l	0.876
Color		blue
Low smoke		
Premixing & Self mixing		

PROPERTIES AND PERFORMANCE

Tx Razor Premium 2T is formulated with innovative synthetic basestocks which ensures excellent engine performance even at the highest temperatures, guaranteeing maximum cleanliness of all engine parts and with a strong anti-wear action. The product has excellent detergency properties, thus minimising the formation of sludge and deposits in all parts of the engine and preventing ring sticking.

SPECIFICATIONS

Tx Razor Premium 2T meets the requirements of service specifications:

JASO FC
ISO-L-EGD
